IN MEMORY OF A HERO

Imposing and Impressive Scenes at Grant's Tomb.

MEN OF ALL NATIONS PRESENT.

More of Triumphant Eulogy Than of Funeral Rite—Only One Other Such Scene Ever Witnessed by the World. Mayor Strong Formally Accepts the Trust of the Tomb.

NEW YORK, April 28.—Never but once in the history of the world, and never before in the history of the United States has such a tribute been paid to the noble dead as when with wondrous pageantry by land and sea the nation dedicated the tomb that now holds the body of its hero, Ulysses S. Grant.

It was an occasion more of triumphant eulogy and national pride than of funeral rite, for in these 12 years since first the nation mourned for Grant the keenness of grief has worn away and in its place there lives in the hearts of men that hero-worship which found such tumultuous vent yesterday. The greatest of our citizens, our soldiers and our sailors stood side by side with men of fame from almost every nation of the earth and paid, without regard to race, or creed, or party prejudice, the last and long delayed honor of the living to the dead. And in that throng there was no north, and no south, for since the soldier-president had said: "Let us have peace," the gray had blended with the blue.

AT THE TOMB.

Some of the Scenes and Incidents at Riverside Park.
NEW YORK, April 28.—The solemn service of dedication of the Grant tomb seemed to throw a strange hush over the thousands assembled at Riverside Park. The president stood bareheaded in the wind while delivering his address. When he spoke he was heard distinctly by the 5,000 persons who stood directly in front of him. General Porter's oration in honor of the hero seemed to impress the crowd less than the sight of the palefaced, bareheaded president, standing

ing beside the widow of the dead general, ex-President Cleveland and the gray-haired statesmen and soldiers. It was their presence rather than their words that lent solemnity to the occasion. And when it was all over, when Mayor Strong had formally accepted from the nation the trust of the tomb, and when the president and his party disappeared in the luncheon tent, a sigh of relief went up from the crowd, for at last the hero lay in the tomb befitting his renown and fittingly dedicated by a grateful nation.

Suddenly from the south between two black lines of people which seemed to meet in the perspective, came the nodding plumes of the soldiers. On they marched, an endless line of white and red and blue and gray. First passing on the west side of the monumental oval and returning on the north road under the monumental arch, they passed the president in review and then back again into the black background of humanity amid cheers of the assembled throng.

Touching Scene.
When the cheering was at its loudest and when the wind had somewhat died away a touching scene was enacted, which was seen by few. Silently Mrs. Grant stole away from the president's reviewing stand, where she had been watching the gallant troops go by, and, leaning on the arm of her son, Colonel Grant, made her way to the tomb, followed only by members of the Grant

family. The woman who was seated and the widow of the hero passed from the noise of the outside world into the dim quiet of the tomb. For about 10 minutes she stayed there, and then, with her face hidden in her hands, she left the scene.

Soon after this President McKinley went aboard the Dolphin amid the booming of guns and reviewed the great warships that lay in the shadow of the tomb. As the president stepped upon the deck 21 guns were fired and the fleet of steamers blew whistles until the sound of firing was scarcely audible.

The Dolphin shortly started down the river followed by the immense fleet of steamers which had awaited the arrival of the president. As the vessel passed the great warships of the United States and foreign countries cannon belched forth a welcome to the chief executive. The Dolphin anchored off Fifty-second street, and as the president left the ship, she fired a farewell salute.

While the surging crowds were still seeking their homes an elaborate reception to President McKinley was in progress at the Union League club. Scarcely a hitch occurred in the whole arrangements for this great celebration and the arrangements of the committee from early morning till late at night met with complete success.

Only once in the history of the world before has such a ceremony been enacted over the reinterment of any great man. This other instance being when the body of Napoleon was brought back to Paris from St. Helena. The scenes of yesterday recalled those in Paris, when royalists and republicans alike, joined in one great triumphal pageant.

PRESIDENT'S RETURN.

People Crowded In Front of the Hotel to See the Chief Executive.
NEW YORK, April 28.—Just before 6 o'clock yesterday evening a crowd began to congregate in front of the Windsor hotel, in anticipation of the return of President McKinley and his escort from the ceremonies at the Grant tomb. More than an hour elapsed, when the waiters were rewarded with a glimpse of the president's military escort, Squadron A, under command of Major Rowe, clattering down the avenue.

The troops drew up in front of the main entrance of the hotel on Fifth avenue. The order to present sabers was given and horses and men appeared as motionless as statues, while the president's carriage drew up in front of the door.

Dinner to Mrs. McKinley.

NEW YORK, April 28.—A dinner in honor of Mrs. McKinley, wife of the president, was given last night by Mrs. Abner McKinley in the grand banquet hall at the Windsor hotel. Covers were laid for 30 guests.

BANKER SHELTON'S FAILURE.

He Carries Down a Number of Firms With Him.

CHICAGO, April 28.—"It is disgrace and the penitentiary or the lake, and I have chosen the latter," wrote John S. Sheldon, the leading banker of Loda, Ill., to his confidential friend and attorney, John H. Moffett. The receipt of the letter in Paxton, Ill., where Moffett lives, was followed yesterday by the closing of the leading bank of Loda, the assignment of four of the leading business firms, and individual assignments by as many of the leading citizens of the town. In addition it is said Banker Sheldon's financial troubles involve the funds belonging to the school trustees of Loda township and that trust estates involving between \$200,000 and \$250,000 went down in the general crash.

Sheldon was unable to meet the demand upon him, came to Chicago and wrote a 20-page letter to his confidential friend, advising him that he would take his life by jumping into Lake Michigan, and indicating the best line of procedure in closing up his own involved estate.

FOUNDERED AT SEA.

French Fishing Vessel With Seventy-three Men Collides With an Iceberg.

St. Johns, N. F., April 28.—The French fishing vessel *Valliant*, Captain Pierre, bound from St. Malo for Miquelon, struck an iceberg on the Grand Banks on the 16th inst., and almost immediately foundered. She had 73 fishermen on board and all took to the boats, but only one of these boats has thus far been heard from. When it left the vessels its complement was seven men. Three of them perished from exposure and hunger. The bodies of the first two were thrown overboard, but the survivors, in their desperation, were driven to cannibalism and ate the third. The boat was picked up yesterday by the schooner *Victor Eugene*, which arrived at St. Pierre late yesterday. The survivors are in a shocking condition, and badly frost bitten that their arms must be amputated.

HUNT'S LEVEE GONE

Mississippi Inundating Illinois Farms and Homes Below Warsaw.

WILDEST EXCITEMENT PREVAILS

Couriers Sent Out on Horseback to Warn the People of their Danger and Many Barely Escape With Their Lives—Four Persons Drowned—People Fleeing for Safety—Untold Suffering.

St. Louis, April 27.—The flood situation last night throughout the neighboring Mississippi and Missouri river territory was one of gravest danger. At several points the swollen streams had overtopped their banks and burst through the levees. Already several lives have been lost and many people imperiled by the rapidly rising waters.

Thousands of acres of farmlands on both the Illinois and Missouri sides of the Mississippi river have been inundated or will be soon. Stock has been drowned and crops destroyed. According to the weather bureau both rivers will continue to rise.

While Joseph Johnson, William Dalton, Minnie Frazier, Mrs. Ida Rugg and here two small children were attempting to ford a swollen stream in a wagon at Jackson, Mo., the wagon was overturned and the women and two children were drowned.

The Hunt levee, which protected the Hunt drainage district on the Illinois side below Warsaw, broke yesterday, sending the Mississippi over one of the most fertile regions in the Mississippi valley. The wildest excitement prevails, for fully 30,000 acres of land and hundreds of homes will soon be under water. The lowest part of the district is just below the bluffs, seven miles back of the levee, and the water is making straight for the hills.

Couriers were sent on horseback to the houses back in the district and scenes of disorder and fright everywhere prevailed. Some were unable to save anything and barely escaped with their lives. It is feared that some have been caught and surrounded by the flood.

The levee was soon covered with a crowd of farmers and their wives, hurrying their children and their live stock to places of safety. Many are now camped out on the hills with absolutely nothing left. Poverty and untold suffering must inevitably follow this disaster.

Levee Commissioner Shaffer at once telegraphed to Major M. Meigs of the government fleet at Keokuk, Ia., for aid. The latter immediately ordered the steamer *Mae* to the spot with barges of sandbags, and he followed shortly after with the *Vixen*. There was no sleep in the Hunt drainage district last night.

The situation here and at Alexandria, six miles above, is practically unchanged. The water is more tranquil and has stopped flowing over the levees, having reached its level in the bottom. The break on the Illinois side is drawing the water away from here and will prove a slight relief, although both the Mississippi and the Des Moines rivers are rising above.

At Vicksburg.

VICKSBURG, Miss., April 28.—The steamers *Alert* and *Golden Gate*, which will be employed in relief work, arrived from St. Louis yesterday and are awaiting Lieutenant Crowley's order. Applicants for aid are coming in constantly, but it will be some days before another expedition will be sent out. Everything depends upon the subsidence of the waters. The next two weeks will tell the tale. If a steady fall sets in planters will feel confident of making a good crop and all will be activity. Should the case be otherwise many now feeding their tenants will be obliged to give up doing so.

GREEK WAR.

Battle Fought at Pentipguadia--Fermment Subsiding at Athens.

ATHENS, April 28.—Colonel Manos telegraphs from Arta today: Fighting

Time is inevitable in this war—ever moving. Wasted days never come back—wasted opportunities are lost forever. Women hardly seem to realize this. With the seeds of death planted and thriving within them, they go on wasting their lives after day, paying no heed to flight of time or growth of disease till it is too late.

Carelessness causes much of woman's peculiar sickness. Neglect of minor troubles causes serious complications. The slight irregularity, the burning dragging ache, the debilitating drains that mark the progress of feminine diseases are passed lightly over or are borne in ignorance of their cause. Their continuance means death or insanity. Most of insanity among women comes from this one cause. It is all unnecessary. So called "female weakness" can be cured. Cured positively, permanently, quickly, easily, right in the privacy of your own home, without any of the humiliating local treatment so uniformly insisted upon by physicians. Dr. Pierce's Favorite Prescription will do it. It has a record of cures as wide as the world. It is known and used successfully in every civilized country on the globe. There is nothing that takes its place. There is nothing "just as good." There is nothing to compare it with. Druggists sell more of it than of all other similar medicines combined.

Copies of Dr. Pierce's Common Sense Medical Adviser are to be given away for a limited time only to those who are wise enough to ask for them. The book is for family use. It is all that its name implies. Its language is plain and modern and its illustrations—over 300—have passed the test of the world. This book tells about the symptoms of ailments that visit every family. It tells how to treat these symptoms, how to ward off serious consequences. This most useful book may be secured in strong paper covers by anyone who will send to one-cent stamps to pay cost of mailing only. It may be had in French cloth binding with embossed covers for 10 cents extra (3 cents in all). Address, World's Dispensary Medical Association, Buffalo, N. Y.

has been in progress at Pentipguadia since morning. The result is not known here. The Greek troops occupied strong positions in the pass. Another engagement took place this morning at Plaka, the result of which is not yet known, since the enemy maintains his positions, though the Greek artillery have inflicted great damage at the village of Kalentzi and Fortosi, where the Turks are concentrated. The Turks left the route from Pentipguadia to Janino open. The Greek cavalry reconnoitered without encountering the enemy until about 8 o'clock, when they fired upon the Greeks without effect. The Turks have abandoned the entire Louris valley and the country around Souli. The situation at Preveza is satisfactory. The Turks appear to be much discouraged and their garrison has been diminished by wholesale desertions. We need reinforcements and mountain batteries. We have captured a large quantity of ammunition especially for artillery use in the positions abandoned by the Turks. A correspondent of the London Times here writes his paper that the popular ferment has been partly allayed by the dismissal of Constantine's staff, though the most violent section of the press still demands that the crown prince and Prince Nicholas be relieved. The newspapers do not say what would be gained by inflicting such a humiliation upon the princes. It could not have been expected that at their ages and with their inexperience of actual warfare they would suddenly display a heaven-born genius for strategy. The fault lies elsewhere, but it is not easy to say where. The number of scapegoats is certainly large enough.

Streetcar Goes Through a Bridge.

PORTLAND, Ore., April 28.—An electric streetcar of the City and Suburban company left the track yesterday and plunged through a bridge which spans the Slough on East Morrison street. Three people were drowned and 15 more or less injured.

HE FELL EXHAUSTED.

Karl Gebhart, Heir to a Fortune, Foun in a Starving Condition.

DAYTON, O., April 28.—Weakened from exhaustion and hunger, Karl Gebhart, a German, 46 years old, fell on the sidewalk in front of a bakery here. The physician who was summoned said that the man was suffering from starvation in its acute form. When the sufferer was given food and he had sufficiently revived he confirmed the doctor's diagnosis, and said he had not eaten food for four days. He came here from Munster, O., in search for work, and, too proud to beg, thus walked the streets until he fell exhausted. He showed a number of documents in proof of his heirship to a German estate which he expects to secure shortly.

MISSIONARY CONFERENCE.

City Missionaries of the Christian Church in Session at Cincinnati.

CINCINNATI, April 28.—A 2-days conference of city missionaries of the Christian church opened here yesterday. Prominent ministers of the Christian churches from all over the country are in attendance. Rev. J. H. Garrison of St. Louis presided and opened the conference with an address, explaining the object of the organization and the method and system adopted by these missionaries in the work of city evangelization, also its connection with the Society of Home Missions. "City Evangelization" was the subject for discussion which was led by E. W. Darst of Chicago.

TURNED STATES EVIDENCE.

Confesses to Stealing Historical Documents From Congressional Library.

WASHINGTON, April 28.—Lewis Turner, who is on trial with Philip Melihone for stealing valuable historical documents, including letters of Washington and others, from the congressional library, created a sensation yesterday by turning states evidence and admitting that he and Melihone had had an arrangement to procure and dispose of the documents. Objection was made to the evidence on the ground that Turner was a co-defendant, but it was admitted that Turner gave elaborate details of methods pursued.

Both Shots Missed.

MINERVA, Ky., April 28.—Reese Kirk and Thomas Horan, both drunk, had a shooting scrape here in which neither was hurt. Horan used an oath and told Kirk he would shoot him. The latter walked to the middle of the street and told Horan to shoot. He took deliberate aim, fired, and then ran, but missed his man. Kirk then fired at Horan with like result.

POOLING BILL.

Railway Laborers May Continue to Press It Before Congress.

CHICAGO, April 28.—It is reported that several of the leading railway labor organizations are about to combine in order to press before congress the passage of the pooling bill. The labor organizations made their influence felt very strongly before several of the state legislatures which were considering the passage of bills creating a maximum rate of 2 cents per mile and they are likely to be quite as effective before congress. They opposed the passage of the 2-cent bill because they feared that it would result in a reduction of wages and they are about to fight for the pooling bill for the same reason. They believe that with no arrangements for the maintenance of rates there will be trouble all along the line, that rates will be reduced, revenues decreased and that the roads may be compelled to cut wages.

Have Alleged Forged Certificates.

WASHINGTON, April 28.—The treasury department has unofficial advice from Portland, Ore., to the effect that the steamer *Victoria* has arrived at Tacoma with over 100 Chinese on board who are said to hold forged certificates. The collector at Tacoma has been instructed to make a thorough investigation into the facts and to hold the Chinese pending further instructions.

John P. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John R. McLean.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

The Indianapolis Journal

Something to Depend on.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with La Grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into hasty consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she became better from the first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for consumption, coughs and colds is guaranteed to do this good work. Try it. Free trial bottles at W. F. Peter's drug store.

AFFLICTED.

Many children about Paris Crossing are seriously sick with the measles.

Frank Stegner, of East Fourth street, is confined to his bed with a complication of troubles.

Engineer John Lemon is but little better with the shingles.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whiskey nor other intoxicant, but acts as a tonic and alternative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the function. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents and \$1.00 per bottle at W. F. Peter's drug store.

Boys Brigade.

The boys brigade of the Christian church which was organized last night will meet at the church again Thursday evening at 7:30 o'clock. All interested are urged to be present.

FREETOWN.

Shannon Gray, of Brownsown, was on our streets Sunday.

Work on the gravel road will commence about May 1st.

Several of our young people are being called before the grand jury now in session.

Mundt Bros. have shut down their flouring mill on account of not being able to secure fuel.

The people here seem to be very anxious to get a chance to settle the court house question.

Walter Huber, of Carmi, Ill., arrived here last week and will work for Henry Huber, the coming season.

Prof. Barakat, of Damascus, Syria, lectured to a large and attentive audience at the M. E. church Sunday night.

Officers of the E. & R. were through here last Friday paying off their hands. They could give our people no definite information as to when the road would be repaired.

TAMPICO

A. J. Waskom started to school here Monday.

Mrs. Susan Keach returned home last Tuesday.

Dr. Applegate made a trip to Cincinnati last week.

J. J. Waskom spent Saturday and Sunday here.

The rain that came Sunday made vegetation look fresh and green.

The Sunday school has arranged a program for children's day exercises.

The weather has been very good the past week and farmers pushed the work rapidly.

The farmers' institute met Saturday and had an interesting session. The program for the evening was very interesting. Mrs. P. A. Zuring gave an excellent paper on Political Economy. Prof. Hall gave a paper on The Necessity of Education. The paper surely caused the thinkers to grasp new thoughts on the subject. The paper clearly showed what education is and what it is to man. Miss Anna Reynolds read a very interesting paper on The Aim of Life. All the literary selections were entertaining and the music furnished by the Reynolds band was good.

HOW TO FIND OUT.

Fill a bottle or common water glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

What to do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy, fulfills every wish in relieving pain in back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain passing it or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention the Seymour Republican, and send your full post-office address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its genuineness.

D. M. Geeling, superintendent of Public Instruction, states that the examination for applicants desiring to teach in the high schools will be held on the last Saturdays in May, June and July.

SUMMER OUTINGS.

Seashore, Mountain and Lake Resorts.

The principal places of summer sojourn along the Atlantic Ocean, in the Alleghenies, the Adirondacks, Catskills, and mountains of the East, and the lake region and northern Michigan and the Northwest, may be readily reached over the Pennsylvania Lines.

Special information regarding the leading resorts and the advantages enjoyed in journeying to them over the Pennsylvania route has been compiled and printed in convenient form. The matter is profusely illustrated with photographic reproductions of seashore scenes and includes views at Atlantic City, Cape May, Long Branch and other resorts along the Atlantic Coast; also of Cresson, Bedford Springs and romantic mountain retreats, and of Petoskey, Mackinac and the summer havens in Michigan and the Northwest.

Persons contemplating summer outing trips will find it a valuable guide in shaping preliminaries. Copies may be obtained by addressing Geo. E. Rockwell, District Passenger Agent, Indianapolis, Ind.

Vacation Days.

In the lake regions of Wisconsin, northern Michigan, Minnesota, Iowa and South Dakota, along the lines of the Chicago, Milwaukee & St. Paul railway, are hundreds of charming localities preeminently fitted for summer homes, nearly all of which are located on or near lakes which have not been fished out. These resorts range in variety from the "full dress for dinner" to the flannel shirt costume for every meal. Among the lists are names familiar to many of our readers as the perfection of northern summer resorts. Nearly all of the Wisconsin points of interest are within a short distance from Chicago or Milwaukee, and none of them are so far away from the "busy marts of civilization" that they cannot be reached in a few hours of travel, by frequent trains, over the finest road in the Northwest—the Chicago, Milwaukee & St. Paul. Send a two cent stamp for a copy of "Vacation Days" giving a description of the principal resorts, and a list of summer hotels and boarding houses, and rates for board, to Geo. H. Hefford, General Passenger Agent, Chicago, Ill. eod3t

John P. McLean's Great Newspaper.

Without a single exception, there is no newspaper in the United States that is more popular than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John R. McLean. The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

Special information regarding the leading resorts and the advantages enjoyed in journeying to them over the Pennsylvania route has been compiled and printed in convenient form. The matter is profusely illustrated with photographic reproductions of seashore scenes and includes views at Atlantic City, Cape May, Long Branch and other resorts along the Atlantic Coast; also of Cresson, Bedford Springs and romantic mountain retreats, and of Petoskey, Mackinac and the summer havens in Michigan and the Northwest.

Persons contemplating summer outing trips will find it a valuable guide in shaping preliminaries. Copies may be obtained by addressing Geo. E. Rockwell, District Passenger Agent, Indianapolis, Ind.

Vacation Days.

In the lake regions of Wisconsin, northern Michigan, Minnesota, Iowa and South Dakota, along the lines of the Chicago, Milwaukee & St. Paul railway, are hundreds of charming localities preeminently fitted for summer homes, nearly all of which are located on or near lakes which have not been fished out. These resorts range in variety from the "full dress for dinner" to the flannel shirt costume for every meal. Among the lists are names familiar to many of our readers as the perfection of northern summer resorts. Nearly all of the Wisconsin points of interest are within a short distance from Chicago or Milwaukee, and none of them are so far away from the "busy marts of civilization" that they cannot be reached in a few hours of travel, by frequent trains, over the finest road in the Northwest—the Chicago, Milwaukee & St. Paul. Send a two-cent stamp for a copy of "Vacation Days" giving a description of the principal resorts, and a list of summer hotels and boarding houses, and rates for board, to Geo. H. Headford, General Passenger Agent, Chicago, Ill. eod3t

DON'T.

The United States postal department has sent Postmaster Price quite a bunch of circulars reading as follows:

"Don't mail your letter for valuable package without having your own address written or printed upon the upper left hand corner.

"This will insure its return to you if not delivered, and will prevent its being sent to and opened at the Dead Letter office."

The REPUBLICAN will furnish you envelopes with your return notice printed on them cheaper than you buy the envelopes in small quantities. Call at the office and see samples.
